

Control

# N55000

## Tread design for high performance

- Tread designed to ensure stability and comfort under high performance.
- Non-directional tread pattern allows for a wide range of applications.
- Solid center tread block to ensure a stable and quiet ride.
- High comfort due to the evenly distributed footprint.
- Best handling characteristics, even at high speeds.
- High safety ensured by an excellent grip on dry and wet roads.
- Specially designed for mid-range vehicles.

\* Only sizes with fuel, grip, noise & db values are EU approved.
